

6/26/06

To Whom It May Concern,

Jeffrey Gassman worked for Judge Technical Services on-site at Sanofi-Aventis from December 1, 2005 through April 26, 2006.

The following is a letter that we received from his manager at Sanofi-Aventis regarding Jeffrey's work on-site.

Dear Judge Technical Services:

I am writing to thank you for the Senior Validation Consultant you provided sanofi-aventis for services focused on SOP writing.

Your consultant, Jeffrey Gassman was able to quickly come up to speed on our Computer System Validation Methodology and understand what procedural controls that were required for production use.

The SOPs he authored included both his understanding of our business practice as well his knowledge of best industry practice.

His assistance with process mapping as well as project tracking and updates assisted in the justification as well as tracking of progress.

Thank you once again for the resource provided.

Sincerely,  
Kathy A. Doty
